When you hear the words “**Red Carpet**” what comes to your mind?

For many people,
RED CARPET is
synonymous with
prestige, status,
celebrity, and
Hollywood

Even back in history, walking on a carpet was not for ordinary people, only for royal families

Today, there are many interpretations of “Red Carpet”

All interpretations refer to:

- Exclusivity
- Prestige
- Sense of belonging
- Luxury

Jetpeel by TavTech

is based on **jet pressure energy**, and is one of the **enduring treatment** forms in the aesthetic field of energy-based treatments.

It is a revolutionary treatment with impressive **skin rejuvenation** and **aesthetic enhancement** results.

JetPeel is one of the Hollywood's best **RED CARPET TREATMENTS** for celebrities, and the secret of their perfect looking skin.

With JetPeel's **Red Carpet treatment you achieve phenomenal results from your very first session!**

- **Minimize** the appearance of **fine lines & wrinkles**
- Achieve a **glowing complexion & refined texture**
- **Increase collagen** production & **elastin** for **firmer skin**
- **Diminished** appearance of **hyperpigmentation, sun damage & age spots**
- **Immediate enhanced hydration**
- **Diminished appearance of pores**

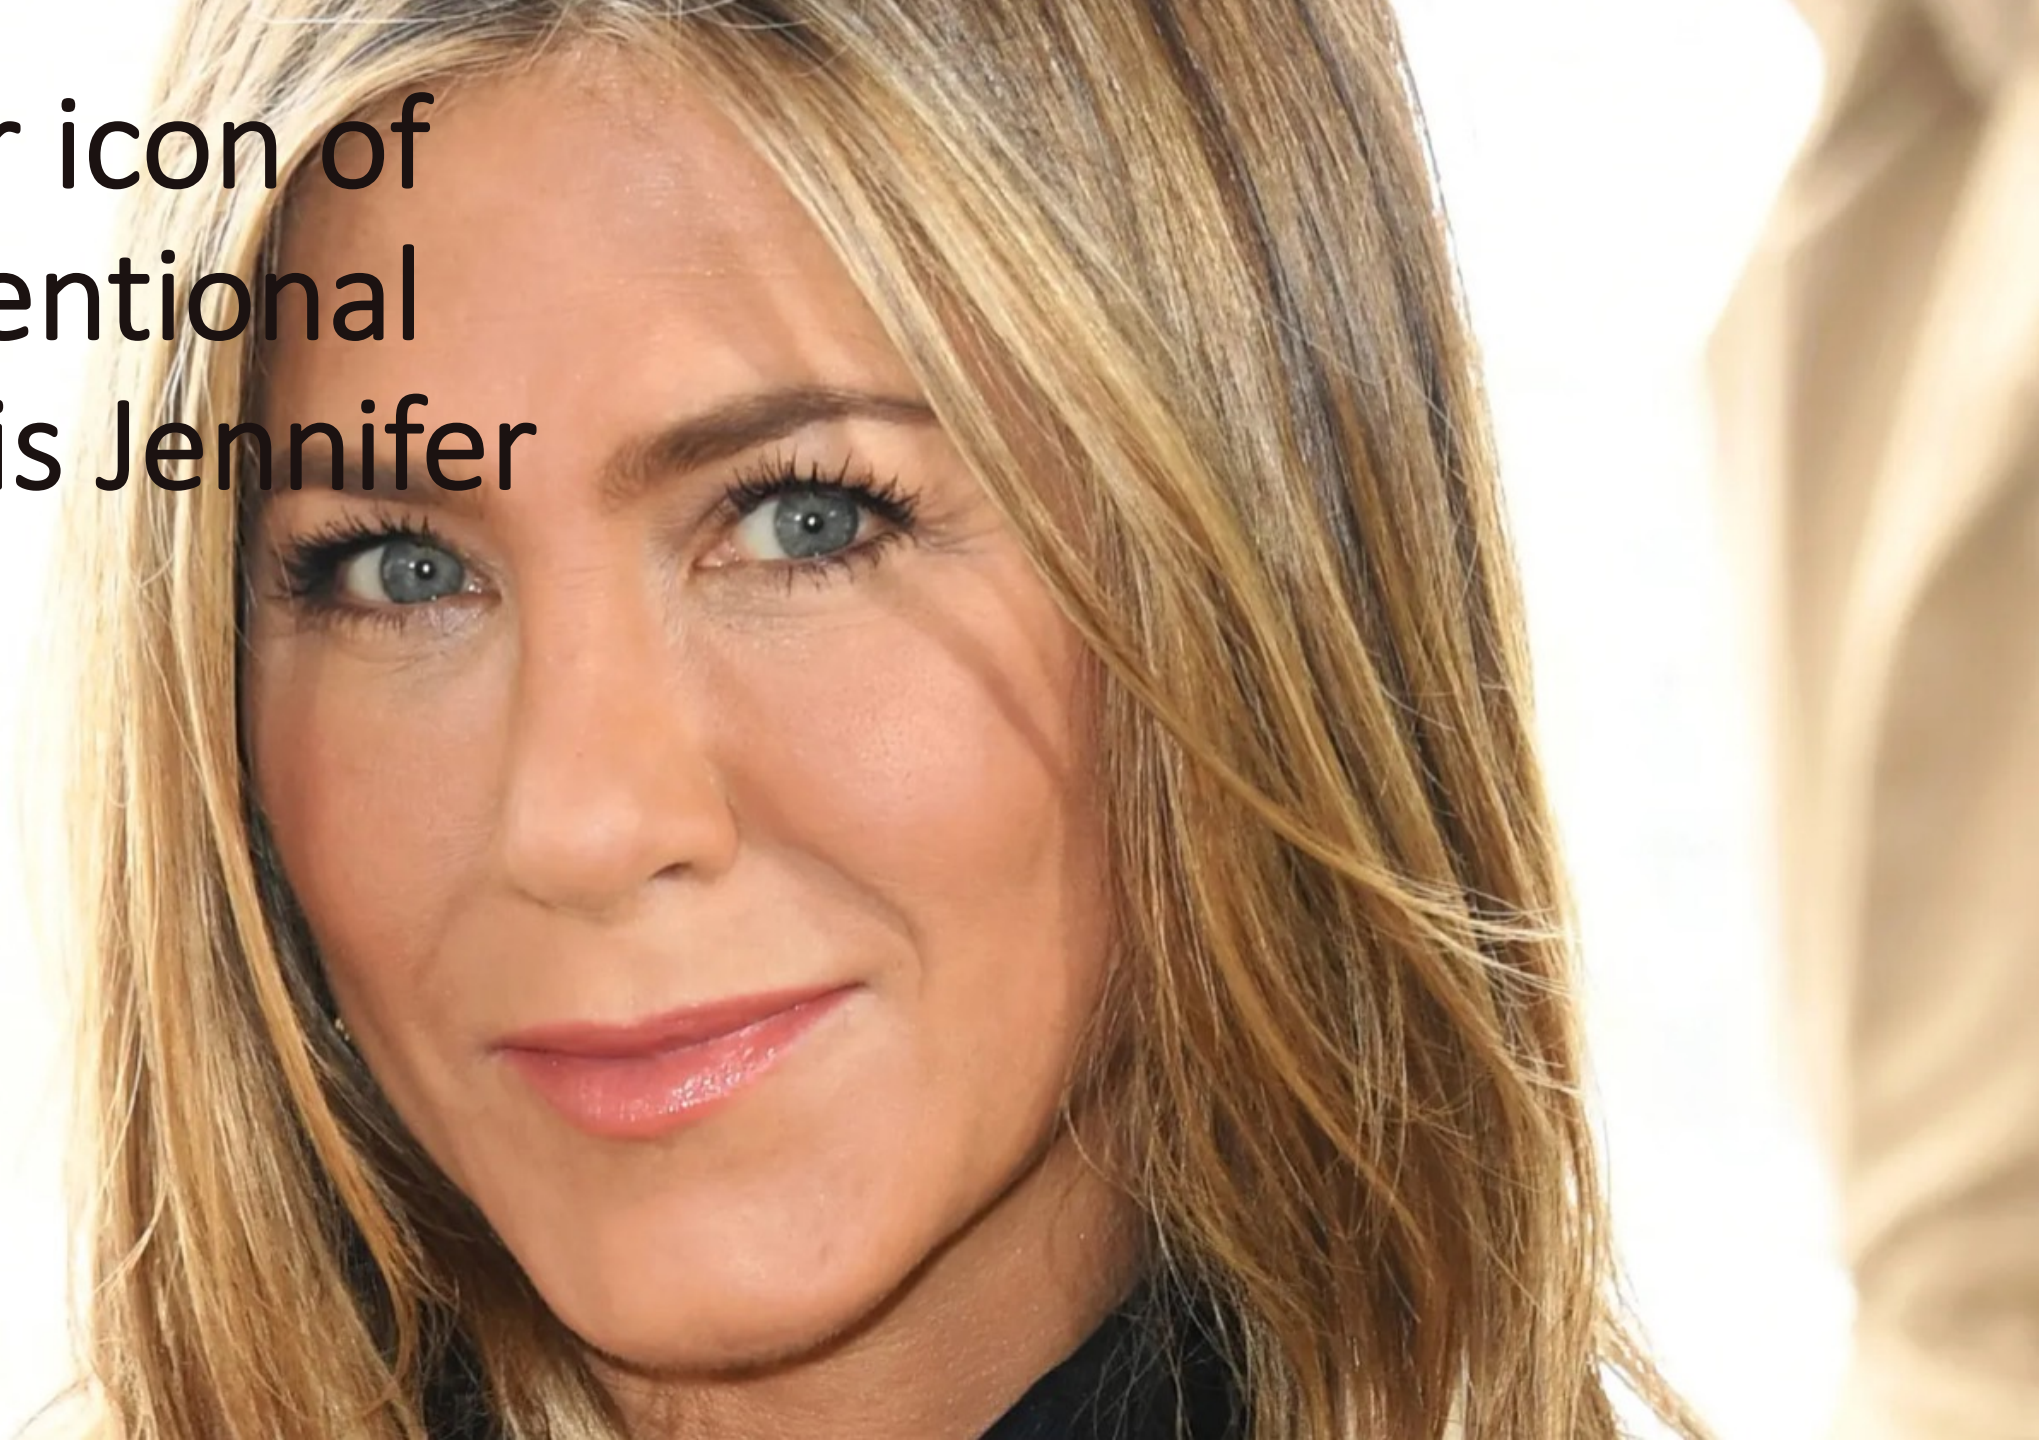

**Red Carpet Skin
treatment** means
immediate
natural, glowing,
healthy looking
skin!

Uma Thurman: 50
years of iconic and
unconventional
beauty

Another icon of
unconventional
beauty is Jennifer
Aniston

Authentic Beauty Concept

**JetPeel treatment is Skin Enhancement that
highlights true natural beauty**

How to get glowing Red Carpet skin?

- The treatment must be:
 - **non-invasive**
 - **non-ablative**
 - **completely safe**
- The treatment should **rejuvenate** and **revitalize** the skin

JetPeel Treatments fits these criteria perfectly

- **Regenerate** and **hydrate** the skin tissue
- **Provide nourishing** active ingredients deep into the skin
- **Instantly improve skin imperfections**
- **Exfoliate** and **renew the skin**
- **Improve skin texture, reduce enlarged pores**
- **Soft, glowing** and **smoother** skin appearance
- **Fill lines & wrinkles** and **improve volume** in the center of the face
- Achieve **plumpness**
- **Rejuvenation** and **radiant appearance**
- **Effective on:** crow's feet, saggy eyelids, fine lines around nose, mouth, forehead, and jawline, and naso-labial folds

That's why Jetpeel is one of the most popular Red Carpet facial treatments in Hollywood

- Performed before special events
- Suitable for all skin types, all skin conditions, all skin ages, and all year-round
- It is a pleasant experience
- It is non-contact, non-invasive, non-ablative, needle-free, zero downtime and safe

The perfect treatment before every event!

What are the best active ingredients
for the JetPeel Red Carpet Treatment?

Argireline® Complex

The new and improved age-defying solution based on the natural power of high-concentrated Argireline® in the JetCare by TavTech Selective Care series

- A safe alternative to standard anti-aging injection treatments, Selective Care - Argireline® Complex helps reduce the appearance of fine lines and expression lines for a smoother, age-defying look
- Contains a significantly higher concentration of **Argireline®**, a hexapeptide that reduces the fine wrinkles and lines, and is **combined with Pro-Vitamin B5, Betaine** and a **triple molecular weight hyaluronic acid** making it an extremely effective anti-aging treatment

Argireline® is a trademark of Lipotec SA or it's affiliates

Jet Boost Hydrate (HA)

State-of-the-art HA in the JetCare by TavTech Boost series for the ultimate filler effect and beautifully smooth skin

- Enhance the JetPeel effect with the Hydrate treatment from the JetCare Boost series
- Enriched with the **PrimalHyal™ Ultrafiller**, an advanced technology HA ingredient to **rapidly volumize wrinkles** without needles and without injections
- Enjoy visibly smoother skin
- Fortified with **Niacinamide** and **Betaine**
- **Enriched with a unique HA patented ingredient** this booster treatment provides age-defying impact for the mid and long term, for instant volumizing and youthful appearance

Jet Boost Glow (Vit C)

The Glow solution in the new and improved JetCare by TavTech Boost series delivers the glow benefits of Vitamin C directly to the skin

- An excellent JetCare solution for a beautiful glow effect, **containing a high concentration of Vitamin C**
- This unique solution is based on a Vitamin C derivative with superior stability in formulations compared to straight ascorbic acid, making it even more powerful and effective
- **Advanced ingredients restore natural glow**; Containing a Vitamin C-rich boost, this solution is especially formulated with brightening and anti-aging components
- Fortified with natural **fruit-based extracts AHAs**, the JetCare booster serum is the ultimate Vitamin-C experience to brighten both young and mature skin types
