

STEP 1

LYMPHATIC MASSAGE

Detoxify the skin and boost micro-circulation to restore a natural, healthy balance.

STEP 2

EXFOLIATION

Gently exfoliate the skin surface to prep the skin for the infusion stage. Customize the exfoliating power for more sensitive skin types.

STEP 3

INFUSION

Deliver active ingredients into the skin to treat the concern at the source.

STEP 4

BOOSTER INFUSION

Amplify the treatment impact with highly concentrated booster formulas at the post-infusion stage.
