EVERYONE IS TALKING  
ABOUT **JETPEEL**

“Zero trauma, no pain, no downtime.”

“I’m like a freaking diamond!”

# Dr. Shawn Seit, Canada

“JetPeel is Best-in-Class, best technology. You can give deep dermal infusions without needles.”

“I use it on my skin.”

# Dr. Sean Rice, Canada

“What I like is that my patients get on and on about the JetPeel results. The jet pressure at 200 m/s exfoliates and infuses into the dermis everything that I want to.”

“It’s fantastic, great results, and that’s really why I love this machine.”

# Dr. Khulbe, Canada

“I was a disbeliever at first. After I got the device, I realized it has multiple purposes.”

“It is such a versatile therapy for my patients right down to the efficacy. Instant results that last a long time.”

“Results have been 10 fold.”

“I am super happy!”

# Dr. Roni Munk, Canada

“ I have 2 JetPeel’s in my practice because of how much I love the technology.”

“I really like infusing the serums.”

“I love it for hydration.”

“I use it as an all-encompassing treatment.”

“I have only positive things to say about it.”

# Dr. Jalali, Canada

“It’s painless, kind of like sitting on the beach.”

“Good exfoliation and transdermal infusion.”

“No downtime.”

# Dr. Daria Voropai, The Netherlands

**“The JetPeel is a great addition to the whole spectrum of treatments that we have, and our clients absolutely love it.”**

# Dr. Liu Chuan, Taiwan

“JetPeel is the world’s first non-invasive trans-epidermal treatment, great for all skin types and all skin ages.”

“It is a pleasant treatment, and safe.”

# Ramona Leibundgat, Switzerland

“I did this (*JetCare Green by TavTech*) on my client, and the skin was like ‘the glow on the ocean’ “.

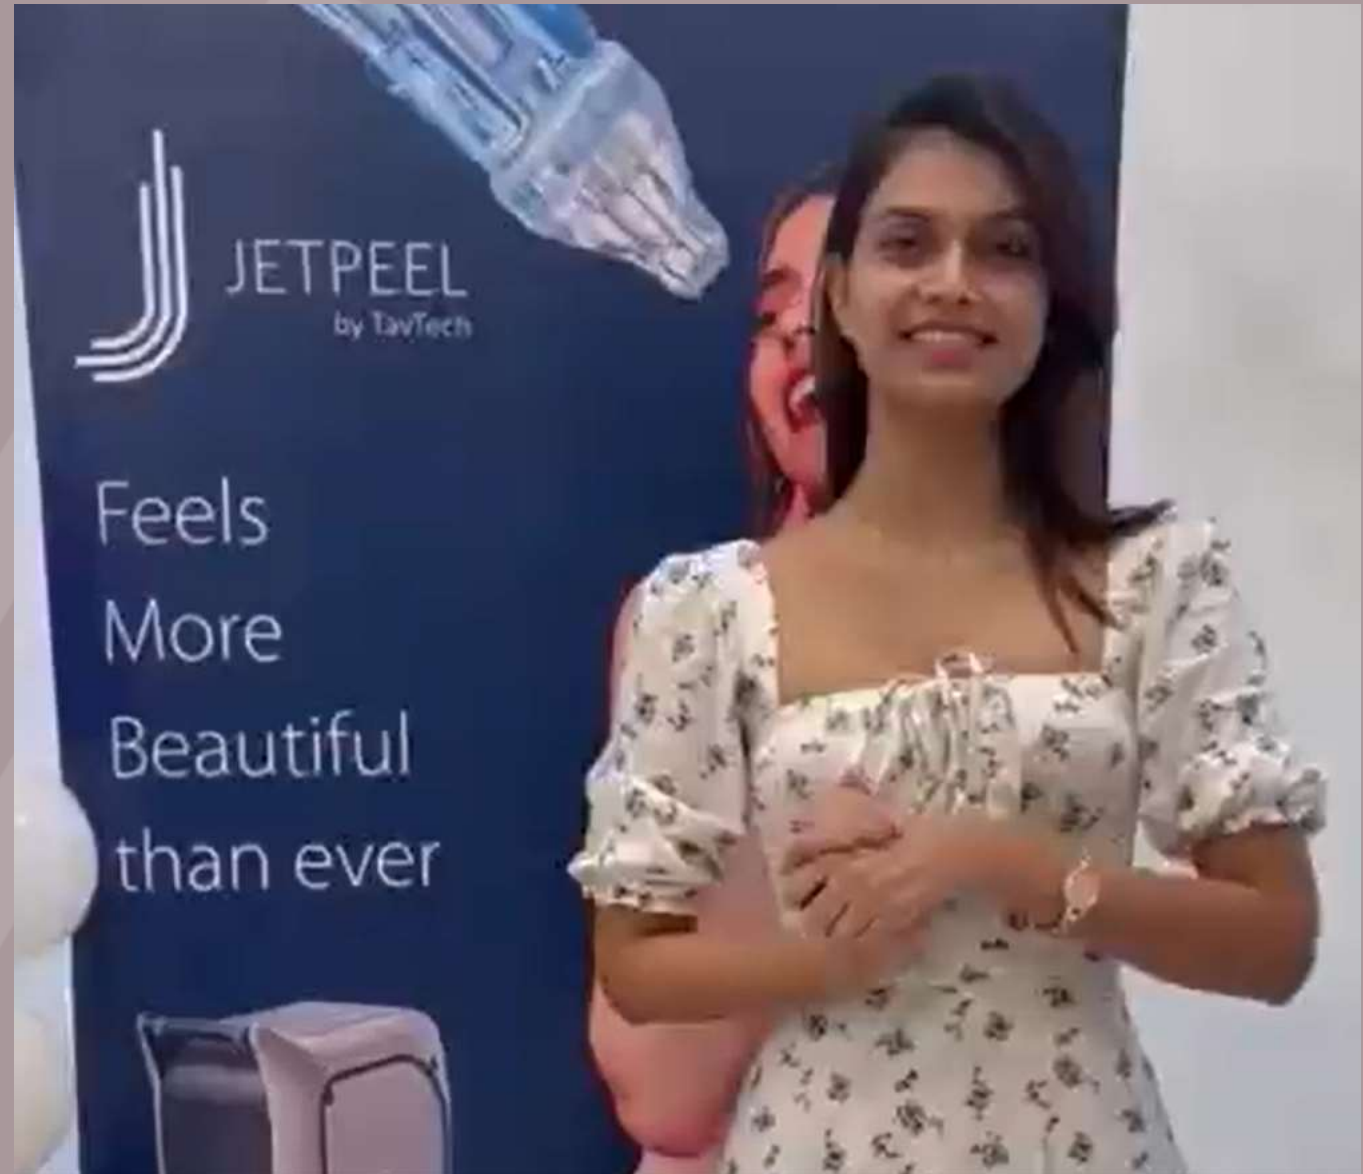

# Miss India Endorsement

“I have just had a JetPeel treatment.  
My skin is glowing and I love it.”

“I made a promise to myself – I will do  
JetPeel treatments for the rest of my  
life.”

“No downtime, No pain, Instant  
results!”

# JetPeel patient interview

**"I fell asleep during the treatment.**

**I've done other treatments.**

**In my opinion, JetPeel is the best."**

# Dr. Dvora Ancona, Italy

“JetPeel is probably the strongest non-invasive,  
non-heat treatment for revitalization.”

# Dr. Monica Elman, Israel

“State of the art Jet technology –  
personalized, pleasant treatment tailored to  
individual needs, spectacular results”

# Dr. Ilan Karavani, Belgium

**“Jet delivery is setting new standards  
in non-invasive skin treatments”**

# Dr. Christopher Inglefield, UK

**“JetPeel - a versatile treatment with a  
variety of indications. My staff loves it.”**

# Dr. Marina Landau, Israel

“Unique Jet Technology – advanced and  
painless exfoliation and infusion  
device.”

# Dr. Alex Ginzburg\*, Israel

**“For many years now, we are using the JetPeel delivery system by TavTech to apply Minoxidil into the scalp of women suffering from androgenetic alopecia hair-loss. I find the results significantly better than topical application. Combined with the ease of use and the painless patient experience, it has become our preferred method of use. Results are spectacular and life altering for many patients”.**

**\* Dr. Alex Ginzburg is a renowned Dermatologist with a world class reputation in the field of hair restoration**
